REPATRIATION COMMITTEE FORMED

Meeting on Saturday Night Got Away to a Good Start

Will Circularize Every Employer of Labor in District

The public meeting for the purpose of forming and taking in hand the work of a Repatriation Committee for this District, which was held on Saturday night, in the local Council Chambers, on the call of the Reeves of the Village and Township Councils, was fairly well attended, by a widely representative audience of fruit growers, manufacturers and business men of the District.

Reeve Farrell of GRIMSBY was in the chair. Assisted by Reeve Roberts of North GRIMSBY and these two gentlemen explained the objects of the meeting, with regard to the formation of a Repatriation Committee in this District and the work that would be required of that Committee, relative to the returning to congenial and lucrative employment in civil life, of men who have already returned and who are now and will continue to return to the Village and Township, from Overseas service.

Reeve Farrell proposed that a Nominating Committee be placed in charge of the formation of the Committee that would be required, the names to be submitted to the meeting, and that the members be notified of their appointment, and requested to communicate with the Secretary as to their willingness to serve, and in every possible way assist the work of placing our returned men in their former status.

This Committee was appointed, on motion, consisted of Messrs. D. Allan, W. J. Drope, H. Fleming, F. W. Pottinger and J. A. M. Livingston, and immediately went to work to prepare a tentative list of employers of labor of every class to act on the main Repatriation Committee. They submitted a very representative selection of prominent men, which was accepted by the meeting.

J. A. M. Livingston, President of the Great War Veterans Association, explained to the meeting, in answer to a question as to office accommodation that it had been decided by the Executive Committee of his Association, to allow the secretary of the Repatriation Committee, the use of the office-room and telephone and other facilities of the Great War Veterans Association, the Secretary to make arrangements with G. W. V. A. as to his office hours, etc. This had not yet passed.

Mr. Livingston anticipated no opposition from the members of his Association.

Those of the main Committee who were present, went into session as a Committee Meeting, at this point, and considerable business and tentative arrangement of work was covered.

The following officers were elected:—Chairman, Reeve Roberts, North GRIMSBY. Vice-Chairman, Reeve Farrell, GRIMSBY. Secretary-Treasurer, C. H. Bromley, GRIMSBY. It was decided that the Executive Committee be composed of two members

from North GRIMSBY and two members from the Village, and to include the Chairman, Vice and Secretary; four to constitute a quorum at any executive meeting. The members elected to the Executive Committee were: H. H. Marsh, and J. A. M. Livingston from GRIMSBY, and D. Allan and Hamilton Fleming from North GRIMSBY.

In the discussion with regard to financing the work of the GRIMSBY District Repatriation Committee, which name it was decided to work under the Committee as a whole thought it best for deputations to appear before each of the Councils, and request grants to the extent of their estimated requirements for a year, based on the limited organization expenses, the remuneration of the Secretary-Treasurer, and incidental office expenses; and those selected to appear before the Village Council were W. J. Drope, and J. A. M. Livingston, while D. Allan and Hamilton Fleming will appeal to the generosity of the Township.

A Reception Committee was also appointed consisting of H. H. Marsh, W. J. Drope, H. Fleming, and the officers of the Executive, for the purpose of going into the matter of having a monster reception for the returned men of the Village and Township, upon a set date to be decided upon, which will be in the nature of a public holiday, some time during the coming summer. This committee was requested to appeal to the ladies of the District to give them what assistance they could and were given power to add to their number at any time.

Some discussion arose along the line of the work which is now being carried on by the Ontario Soldiers' Aid Commission, and the work of that Commission with regard to the returned men of the Province was explained by J. A. M. Livingston, and it was decided not to interfere with the workings of the local branch of that Commission, but rather to join hands and work in conjunction with it.

The objects of the GRIMSBY District Repatriation Committee will be fully explained to every fruit grower, manufacturer and business man, or other employer of labor of any class, through a system of circularization which will be done, at once, by the Secretary and it behooves every man in this District to put his shoulder to the wheel and help along the work.

The system of tabulation of the information which will be required will be based, as nearly as possible, along that used by the Ontario Government Employment Bureaus; and each man, who is an employer of labor in the district for filling in, and return to the Secretary. The returned men of the District will be requested to register with the Committee, in the same way, and the work will be very much simplified if each and every man looks on the work of the Committee in the light of it being of vital importance to him and the District—which it is, without the shadow of a doubt.

The men of this District which this Committee has been formed to assist in their return to civilian life, after four and a half years of war, have earned every right to be given the best possible opportunities to resume their former status, or a better one in our community and with the assistance of the general public of GRIMSBY and District, the Repatriation Committee hopes to help in many ways, to this end.

If your name was not included on the Committee, it was not intentional and you have but to communicate with Secretary Bromley and he will see that you are called upon for what assistance you can render.

EXPRESS YOUR WILLINGNESS TO GIVE OUR FIGHTING MEN A "CHANCE" BY JOINING THE GRIMSBY DISTRICT REPATRIATION COMMITTEE.

SMALLER CENT COIN FOR CANADA COMING

Ottawa.—The Minister of Finance gives notice of a resolution providing for weight, fineness, etc., of the bronze cent. This is necessary in order to make provision for the coinage of a smaller cent piece, it being announced some time ago that this would be done. The larger cent in circulation will continue to be current and a legal tender.

WILL GRIMSBY'S RETURNING HEROES EXPERIENCE THIS DIFFICULTY?

"Let George Do It"

A Toronto youth got himself into khaki soon after the war broke. He donned the ill-fitting garb of the private, went through his drill, became lance-corporal, then corporal, and went overseas with the first drafts, became musketry instructor in an English camp, saw drafts from his battalion drawn for France, and although he was doing good work in England, threw up his instructional job and got over the channel just as speedily as his superiors would permit it to be done. He served in the trenches, became Lieutenant, endured what the other fellows endured and one night when he was leading a patrol party, a machine gun bullet tore through him.

Comrades saw him lying in an English hospital, and thought it was all over with Bob. But he recovered, due to his youth and fine constitution. He returned to Canada and after many months he began to throw off the effects of his wound, gained color, strength and weight. When the armistice was signed, he began to think of returning to civil life, and after a struggle with those over him, received his discharge.

Then he set out to get a job. He interviewed the head of a Toronto firm. This gentleman was awfully nice and polite. He referred him to other firms. These firms referred him to other firms. Covering a space of about two weeks, Bob had carried letters of introduction, containing words of praise, as to his exceptional abilities, to several businesses in any one of which he would have been very useful, and in any one of which he would have been laying the foundation for a future career for himself.

The whole scene was just as considerate and polite as they could have been. They saw the one gold stripe on the arm of his uniform, denoting his wound. They knew he had fought, starved, frozen and endured while they were banking deposits from their offices. They regretted, however, that just at present anything looking exactly like a job for a husky young hero of twenty-four, was not to be handed out.

Then the eighth business man was seen. He was just as polite and considerate as the others, but he did not talk any slush about heroes, or "making a name for Canada; come in again." He told Bob he thought he could place him, stated that he was a salary that would enable him to live, and he intimated without saying it, that he considered this salary should be gauged on the fact that Bob had lost four years' advancement in commercial life because he had been holding back Germans for that space. Two days after this last interview he notified Bob to come to work, and Bob went to work.

"They all agreed that anyone who had the chance should do something for the soldier; their idea was 'Let George do it,' is how Bob put it, with a smile.

It is frightfully easy to be patriotic with your voice, and to "Let George do it" when it comes down to helping a man out of uniform and into productive ranks again—Exchange.

It is not desirable that the men and boys return to Grimsby to face these conditions. Join and support the Grimsby District Repatriation committee.

ORDER YOUR SPRAY MATERIAL EARLY

Readers of the INDEPENDENT will do well to read the advertisement of J. J. Groce in this issue and communicate with him at once, regarding the supply of spray material they will require for the coming season.

Mr. Groce has handled for many years the famous "Grossell" Brand of insecticide in every formula required by the fruit growers of this District, and he is again booking orders for the spring delivery.

No order is too large and no order is too small for Mr. Groce to attend to, and he will give his prompt attention to them all. Make up your list of requirements and give Mr. Groce your order by calling 187.

Corp. Slade, Pte. Jackson and Phipps Return to Grimsby

Returning to their homes in GRIMSBY and District after their many months and years of weary, active service, and this week it is the undemonstrated that we gladly say "Welcome Home; glad to see you back."

And those few words express something that it is impossible to put in words—the appreciation and thanks of a free race for the successful efforts of these men to keep that race free from the binding yoke of servitude that we would have been compelled to endure had they not been the men they are.

PHIPPS, Pte. Lloyd, returned to his home in this Village on Saturday last, after an absence of nearly three years; he having enlisted in the 98th Battalion, along with his father, early in 1915, and proceeding overseas with that unit in July of 1916.

Pte. Phipps was only sixteen years of age when he enlisted and was taken over the ocean as a bandman. In this capacity he served for many months in England, being kept from France on account of his age, and then he took up sniping, in which he topped the score of the best of the snipers of the British army at Aldershot in March, 1915, getting a score of 319 points out of a possible 350, and earning commendation and praise from his superior officers for the unique record he had established. Pte. Phipps was drafted to France in March, 1918 to the 47th Battalion, with which unit he went through engagements, until May, 1918, when he transferred to the 4th Canadian Machine Gun Company, and served with it until he was slightly wounded and received a bad dose of mustard gas at Valenciennes on October 29, 1918. He was evacuated to England, shortly after, and has been convalescing and on duty there until his departure for Canada. His father, Sergeant A. E. Phipps, is at present in the central registry of the records office at Rhyll, North Wales, the Canadian Mobilization Centre overseas.

WHYTE, Pte. Hugh K., the third son of Mr. and Mrs. George C. Whyte, North GRIMSBY, returned to his home here, for the second time from active service, on Tuesday morning, March 4, 1919. Pte. Whyte first enlisted, in August, 1914, with the detachment of "B" Squadron, 2nd Canadian, which left here on August 15, 1914, under J. A. M. Livingston, he having been a Sergeant in that unit previous to the outbreak of war. Upon reaching the mobilization camp at Valcartier, Que., Pte. Whyte relinquished his stripes to enter the Mechanical Transport service, and with that branch proceeded to England with Canada's First Thirty Thousand. After spending the winter of 1914-15 at Salisbury Plain, the last place the Lord was seen, Pte. Whyte went on to France with his unit in February of 1915, and served continuously at the "back of the front" until October of 1915, when he was invalided to England on account of falling health. He had had one bout in hospital previous to this. He returned to Canada in November of 1916 and took his "bachelors" after recovering his health and being con-

DEATH'S SUDDEN CALL

Prominent South Grimsby Man Succumbs to "Flu"

Early on Friday morning the call came to learn of the sad and sudden death of Charles Wolverton Fritshaw, who passed away during the early morning after a brief illness from the flu, followed by pneumonia. Deceased had been ill less than a week and his sudden demise following that of his father by one month came as a great shock to his many friends. Mr. Fritshaw was a very progressive farmer and an extremely hard worker and his activities in this line had so depleted his system that he was physically unfit to withstand a heavy sickness. Deceased was in his thirty-sixth year.

Charles Wolverton Fritshaw was born on the farm on which he died thirty-five years ago and by his kind and loving disposition made friends of all with whom he came in contact. Any work he undertook he gave his untiring efforts to push it to a success, and will be greatly missed by a host of friends.

He leaves to mourn his loss, a sorrowing widow and baby son, his aged mother, one sister, Mrs. H. J. Potter of St. Catharines and two brothers, Chester H. of Napa, California, and A. Mootie, of Tisdale, Sask. The funeral took place on Monday afternoon Feb. 24th from his late residence to St. Luke's cemetery, Smithville. The pall bearers were: Harry McCulloch, William Patterson, Ray McCulloch, Thompson Wilcox, James Book and Elmer Durham.

JACKSON, Pte. Andrew, a son of David and Mrs. Jackson, GRIMSBY, who returned home on Saturday last, enlisted in the 120th Battalion, Hamilton in 1916; was promoted to Sergeant of that unit, and proceeded overseas in 1916. After a long time in England as an instructional Sergeant, he reverted to the ranks in order to see some action, and was drafted to a Western Battalion in February of 1918. Pte. Jackson was severely wounded in the left thigh in August, 1918 and evacuated to England where he has been ever since.

SLADE, Cpl. Wm. JONES, Pte. Jos. H.

RECOUNT IS SET FOR NEXT THURSDAY

Judge Campbell has fixed Thursday, March 6th, at 2.50 p.m., for the official recount of the ballots cast in the recent bye-election.

Mr. A. M. Millward has brought to the INDEPENDENT Office, a branch off a peach tree which has two buds so thoroughly developed that they are ready to burst open, while many others are in a very advanced stage of development. The tree this branch is taken from stands about thirty feet from any building, so the advanced development of the buds cannot be attributed to anything but the mild weather we have been having

Two stars appear in "The Golden Wall," a new World-Picture, Carlyle Blackwell and Evelyn Greeley, a pair well-known to all motion picture enthusiasts, are at their best in this production and are sure to please. Johnny Hines, as a dashing college boy and the son of a Millionaire Lathrop, brings forth many a smile from his audience and Madge Evans is delightful. The play is a drama and has many laughs to give it added interest. Madge takes it upon herself to fall in love with the handsome Frenchman before her pretty sister, and afterwards exposes her sister's fiancé as a fictitious fortune hunter. "The Golden Wall" is a thrilling love story, with all of love's ups and downs. It will be shown on Monday, March 10th at Moore's Theatre. Be sure to see this picture, as you will certainly enjoy it.

FACTS AND FANCIES

BY FRANK FAIRBORN

The 'Globe' Beats the Pistol!

The Toronto 'Globe' is into a new game. It is abusing the senators at Ottawa for vetoing a bill which has not yet been introduced into the House of Commons, and may never be introduced.

The 'Globe' is so keen for prohibition that it is abusing the senators for voting against prohibition even before the bill comes before them; before it has been brought up in the Commons, and possibly before it has even been drafted.

Last year the Dominion government passed an order-in-council forbidding the importation of any intoxicating liquors into any province which had enacted a prohibitory law.

It has been talked about that at the present session of the government, an act may be introduced endorsing this order-in-council, and keep it in force for another year, but, up to date, no such bill has been introduced.

But the 'Globe' has taken occasion to jump on the senators and state that the senators are in favor of whiskey and would veto the bill if it passed the Commons.

A better plan would be for the 'Globe' to jump on the Commons, take the members of that body by the neck and force them to vote for the bill, because it must be passed by them before it can possibly reach the senate.

Or would it not be a better plan for the 'Globe' to jump on the members of the Cabinet and force some one of them to introduce the bill quickly?

There are a good many things the 'Globe' should do in this matter before it starts to abuse the poor, old senate.

It is bull-dozers like the Editor of the 'Globe' that makes a country ripe for revolution.

In Russia, the Czar, influenced by German spies, prohibited the use of vodka—now there is no Czar in Russia, and the rest of the people are fighting over whether they will drink vodka or not.

Wrong 'Dope' on the St. Catharines Election.

The 'Globe' has made a statement with regard to the recent election at St. Catharines, which I consider it impossible for that paper to back up.

The 'Globe' starts into this argu-

ment by saying: 'We are told that the electors, amongst other things, censured, by their votes, the prohibition measure, and the Liberals have not come to the help of the government in sufficient numbers to make up for the defection of opponents to prohibition.'

So far, so good. But the 'Globe' goes on to say: 'This statement is absolutely untrue as far as the St. Catharines election is concerned. Had it not been for the support of the Liberal farmers, many of them vineyardists whose interests were at one time believed to be adversely affected by temperance legislation, Mr. Parnell would have been defeated.'

As far as the 'Globe' is concerned, it knows nothing whatever as to how the anti-prohibitionists voted in the St. Catharines election. It is simply assuming something to be a fact which may not be a fact at all.

It is quite plain to me why the Liberals of Niagara Township voted for Mr. Parnell, and I think the reason is because they were afraid of Labor.

There were so many hot air speeches made by outside speakers who came into the constituency, and there was so much flamboyant talk, out what Labor was going to do, that the farmers, both Liberal and Conservative, combined together to elect Parnell and defeat the Labor candidate.

In the city of St. Catharines, and in the town of Merriton, a very heavy vote was polled against Parnell. But who polled that heavy vote?

It was, first, the Labor men, and second, the anti-prohibitionists. There were, possibly, five hundred men in St. Catharines and Merriton who voted against Parnell simply because he was supporting a prohibition government, and that is what reduced Parnell's vote in St. Catharines and Merriton.

In the township of Niagara the vote between Liberal and Conservative has always been almost a tie. I have known when there was only four of a majority, one way or the other, and in recent elections there has been nine of a majority. What was the majority for the Conservative candidate in the late election?—353.

Now, can the 'Globe' by its method of reasoning, explain why there was 353 of a majority for the Conservative candidate? In my opinion there is only one explanation, and that is 'the farmers were afraid of Labor.'

Magistrate Jelfs Pulls a Bone.

Magistrate Jelfs, while sitting on the Bench, in the Police Court of Hamilton, the other morning, is reported, in one of the city papers, as stating that he would not be hard on defaulters under the Military Service Act because he said the government had instructed Judge Langlier to be lenient with them.

My opinion is that Magistrate Jelfs was lying when he made that statement.

I do not think that Magistrate Jelfs knows whether the government instructed Judge Langlier to be lenient with defaulters, and there has been nothing yet revealed that shows the government gave Judge Langlier any such instructions.

Judge Langlier said he had received instructions from the government, but in due time, that was proven to be a lie. The fact was that a Police Commissioner, or some other official had printed a circular and issued it to his constables giving him instructions. Judge Langlier got hold of this leaflet and stated it was sent to him from Ottawa, but such was not the fact.

The Police Commissioner stated that he made up the instructions out of his own mind, and that he had received no instructions from Ottawa.

Therefore, when Police Magistrate Jelfs comes out and states publicly that the government instructed Judge Langlier to be lenient, I think Jelfs is making a false statement, and one that he cannot prove.

As a matter of fact, the government has issued an order-in-council, along the following lines:

"Deserters from military service are to be dealt with more sternly. It is understood that the government has passed an order-in-council placing the minimum fine to be imposed upon such deserters at \$250, and the maximum fine at \$500."

"It is further understood that this order-in-council will be retroactive, that is to say, any deserter who has already given himself up and been let off with a fine less than \$250, can be re-arrested and re-fined at least to the minimum fixed in the new order. This will mean that hundreds of Quebec

deserters, who have been let off with a five-dollar fine, are liable to re-arrest."

Mr. Burnham Calls it Atheism! Here is a New Idea.

A. H. Lyle, grand secretary of the International Order of Good Templars, forwarded to J. H. Burnham, M.P., a letter on behalf of the order, asking that the prohibitory orders be enacted into parliamentary laws, to which Mr. Burnham replied: "What God has not prohibited, but created, I will not rebuke. The awful abominations involved in this movement is far worse than the excess which it seeks to repress."

A BRITISH WORKMAN PROTESTS ON MEAT AND DRINK

He Claims That the Workman has to Pay an A1 Price and Receives C3 Goods

(Daily Sketch, London, Eng.)

For the benefit of all whom it may concern, and particularly for the instruction of the philosophers who spend as much time in speculation on the causes of unrest among the labouring classes, I print the following letter from a working man:

To 'The Man in the Street':—In the various articles published on reconstruction since the election, I notice very little has been said on the two pressing needs of the day.

And that the abolition of the Liquor Control Board, and a stricter and more thorough working of the Food Adulteration Act. I think I am speaking on behalf of the army of workers when I say that serious hardships and discontent are being brought about by the working of the Liquor Control Bill. The uncertain hours of opening, the bad quality of the drink sold when open, and shameless profiteering in prices charged for the same, and the bad quality of food sold at exorbitant prices, has been the daily talk and complaint in the workshops for the last two years.

Now that the war danger is removed, we are looking for a return to something like pre-war days, as recompense for what we have done to win the war.

Mr. Lloyd George says: We cannot make an A1 nation out of a C3 population. I give him another: We cannot raise A1 men on C3 Government ale and adulterated food.

The Liquor Control Bill has played into the hands of the publican and brewer, and made a discontented and infuriated public. The publican has opened and shut his doors at any hour he pleased, sold what he pleased, and charged what he liked. The clause in the Bill which forbids the purchase of liquor in small quantities has been directly responsible for thousands of deaths during the influenza epidemic.

To the public, because it is a fantastic insult to the dignity of the subject.

The war has also turned the shopkeepers and manufacturers into a gang of adulterators and profiteers. There is the butter mixed with margarine, the cheese that breaks out in spots, the tea that has no flavor of tea and when brewed looks like a flooded match factory, and so on ad libitum.

We want beer made from malt and hops and we want pure, unadulterated food. We want this enforced by law, and we want inspectors to go round getting both food and drink samples for analysis. The Food Ministry should take this matter in hand, and enable people to get redress when they have been "had" in their purchase.

The Government must wake up to the fact that pure drink and good food make sound bodies and healthy and contented minds. Give us good, sound-bodied ale, plenty of good, rough food, and enough wages so that we can have a few shillings in our pockets and there will be no strikes.

I venture to recommend the whole of that to the my Lord d'Abernon, who appear to have quite a considerable say in our drink arrangements, and to the grave Mr. Roberts, who is now responsible for the Food Control. They may not altogether appreciate the honest truth of it; but I don't think there is a working man or woman in Britain who will desire to disagree with a single word of it.

We have had enough of C3 drink and C3 victuals and A1 prices. It may be impossible substantially to reduce the cost of food yet, while; but it is not impossible to reduce the price of liquor; and it is certainly not impossible to take measures which will prevent adulteration and extortion on the part of producers and retailers alike.

Mr. Clynes has just been telling us that the Government's failure to adorn the Peace Conference with representatives of the I. L. P. is likely to breed Bolshevism. In my opinion, pretty well all the Bolshevism in

England, not to mention the universal "grumbling" and the "disaffection" to "strikes," would set to work to deal drastically with food and drink. The working classes don't mind working, and they don't mind paying. But you get their insides them at the cost when you leave bare-faced and mercy of a system of deliberate plunder.

The Man in the Street.

WHAT WON THE WAR?

They said that might made right. This—it was a part of their faith—was the law of the universe. Of course God was on the side of the strongest battalions. He had to be. If a million trained soldiers hurl themselves in solid mass against a quarer of that number unprepared, the issue is as clear as when an ocean liner strikes a fishing smack. Yet, strange to say, several times in human history one has chased a thousand and two have put ten to flight. Perhaps even the knight whose strength was his strength of ten because his heart was pure.

There were days during this last war when nothing but faith in the ultimate might of right kept many of us from despair. Not a few, when victory for the foe seemed inevitable, still affirmed it could not be that wrong would triumph. Multitudes said: "Where is now your God?" This is worth remembering now that we know He neither slumbered nor slept, nor had gone on a journey. It was not the army with the greatest number or with the heaviest guns, or with the most submarines that won the war. That army was defeated at the start. The men who triumphed had that behind their guns and inside their breasts which was mightier than their guns, and which doubled their daring. What won the war? We believe the verdict of history will be: "Right and not Might—Moral ideals born of men's faith in the reality of the Eternal Justice at the heart of things." They are short-lived who contend with the Immortals.

For your children's injuries nothing is equal to Zam-Buk—it ends pain so quickly! Children know this and when they have once had it applied will cry for it again. Mrs. T. D. Ruston of the Children's Aid Society, Belleville, Ont., says: "We never use anything but Zam-Buk for our children's cuts, burns, bruises, etc. We have found it superior to all other remedies for ending pain and healing, and we have also found, by experience, that an injury treated with Zam-Buk never festers. With so many children in our shelter, we really could not afford to be without Zam-Buk, not only for their injuries, but also for their sores and skin troubles."

Mothers! Be sure to keep a box of Zam-Buk on the medicine shelf. It will save you much needless anxiety as well as expense. Zam-Buk does not deteriorate with keeping, but retains its strength and purity to the very last. For eczema, ringworm, boils, pimples, ulcers and piles, Zam-Buk is equally good. If you have not already tried this herbal balm, cut out this advertisement, write across it with I.C. stamp (to pay return postage) to Zam-Buk Co., Dupont St., Toronto. We will then send you a free trial box. All dealers sell boxes.

THE GREAT SURRENDER

November, 21, 1918

A British officer on one of the ships witnessing the surrender of the German high seas fleet is speaking. All the details, from the momentary lifting of the fog in the Channel to Admiral Beatty's historic signal in the last, are precisely as given in the press account. The "Hilgoland" reference is to the battle in the earlier days of the war, off the coast of Jutland, in which some British ships and a number of British sailors were lost. The dead from that battle are thought of as waiting all the intervening time for their revenge and having it at last. It was that Heligoland battle, claimed by the Germans as a "victory" for themselves, which, according to Capt. Pearsall's recently published statement, so irrefutably established the superiority of the British fleet as to cause the Germans to surrender Nov. 21st without firing a shot.

Dead men off Heligoland, dead men though ye be.
Saw ye not our mighty fleet when we put forth to sea?
When the fog was blown away and all was clear as noon,
Saw ye not our great array beneath the gibbous moon?
England, Mistress of the Seas, in her pomp and pride,
French ships and American ranged on either side.
Sailing from the Firth of Forth, swinging with the tide—
Dead men off Heligoland, are ye satisfied?

Now the fog shuts down again, a sombre wall of gray.
Every ear is strained to hear a sound from far away
Every eye is strained to see a strange and solemn sight.
For the ships of Germany are sailing through the night—
Sailing through the gray Scotch mist, at this very hour,
Not to fire a hostile shot or challenge England's power
In submissive ranks they come—humbled is their pride—
Dead men off Heligoland, are ye satisfied?

Thirty miles off Harwich town! Now at last they come!
No triumphant shout we raise, each man of us is dumb!
See our "Cardiff" leads the way, up the morning wind,
And the "Seydlitz" her line behind!
Three cable lengths apart,
Every gun trained fore and aft, nay, we will not shout.
Though above each German flag a small white flag breaks out
Better to have fought and sunk, fighting as they died!
Dead men off Heligoland, are ye satisfied?

Drinking deep his cup of shame.
Thus to yield his fighting ships and never strike a blow!
See the long line steaming past, three cable lengths apart,
Sullen rage on every face, and shame in every heart!
Dead men off Heligoland, are ye not awake?
Death long since hath sealed your eyes, but now his seals should break.
Does not this day make amends for the day ye died?
Dead men off Heligoland are ye satisfied?

On the "Queen Elizabeth" up the signal goes,
(As our British Admiral gives orders to his foes,
The High Fleet of Germany passes from the main.)
"Strike your colors to your decks and raise them not again!"
Dead men off Heligoland, turn again to sleep!
England's navies still shall guard the highways of the deep!
Turn ye to your dreamless rest beneath the restless tide!
Dead men off Heligoland, are ye satisfied?

—V. E. ATWELL.

ADMIRAL BEATTY'S FLAGSHIP.

Admiral Von Reuter, who was in charge of the fleet which surrendered, has since placed himself on record as protesting against this striking of the colors as being "unworthy of the chivalry which should prevail between two honorable opponents." We know one "honorable opponent." Who was the other? Providence Journal.

HIGH COST OF LIVING

Why Clothes are High in Price and Every Chance of Being Higher

Roumania has placed with Canadian clothing houses an order for sixty thousand suits of ready-made clothes which are to be made by Canadian clothing houses for the men of Roumania.

The clothes-closets of the men of Canada have never been so empty as they are today. High prices for all wool goods for some time yet, and a great chance of a famine owing to the shortage of the raw product.

Roumania's sixty thousand suits are but a small thing compared with the two million or more suits that are needed by the men of Canada who have been doing very well during the war in business, and are for the most part able to buy for cash.

Then there are over a quarter of

tween now and August will need new suits, because the clothes they left behind them are from two to four inches too tight around the chest, and a trifle out of date, while anything that might fit has long ago been sent to the Belgians, the Serbs, or some other object of mother solicitude.

My advice to all, think fast and think wisely or perhaps you may have a chance to own a paper suit.

A Traveller.

LOCAL ITEMS

Of Interest In and Around Grimsby.

Parties wanting help, or to work or sell or rent their fruit or grain farms, communicate with Mr. Finn, 18 Wood street, Toronto, Ont.

WAR VETERANS—Do not miss the 7.30 car to Beamsville on Friday night so as to be present at the Organization Meeting of a branch of the G.W.V.A. in that village. GRIMSBY wants to give the new branch a good send off.

Send us the particulars of your friends' or relatives' service since the beginning of the war, for the Honor Roll. Address it "Honor Roll" Department, Grimsby Independent.

Local freight agents have received from the Dominion War board, word that the order providing for the payment of freight rates, which, under the order-in-council, was to have gone into effect tomorrow, will not be put into effect until June 1st. Unless a further order is received from the War board, the new system will be inaugurated on that date.

Mr. C. F. Misener, for many months the accountant in the Canadian Bank of Commerce, here, moved his family to Walton, Ont., this past week, where he has been transferred by his bank to act as manager of the Walton branch. His place in the local office will be filled by a returned man, in the person of Mr. R. A. Maeder, of Afr, Ont., and we welcome Mr. Maeder to GRIMSBY as cordially as we regretfully bid good-bye to Mr. and Mrs. Misener.

F. R. Parnell, M.L.A.-elect for St. Catharines does not take his seat in the local house until the result of the recall is known.

FARMS WANTED—If you wish to sell your farm communicate with us—we have buyers now. Your desire to sell will be kept strictly confidential if you wish it. It will cost you nothing unless we make a sale. Bell's Ltd., GRIMSBY, phone 405 or 261.

Now that the war is over and the boys are coming home we have been able to secure the necessary skilled help to take care of all watch, clock and jewelry repairs PROMPTLY.

VERNON TUCK

Jeweler and Optometrist.
GRIMSBY Ont.

Word has been received from Lieut. R. Hope Kidd, M.C., R.F.A., who has been confined to hospital in London, Eng., for the past seven months, following his severe wounding in action in August, 1918, to the effect that he recently underwent another operation on his leg, and a small piece of bone had to be taken out. This sets "Hopie's" back considerably in his convalescence, but we are looking forward to welcoming him back to GRIMSBY before the summer has gone, at that.

Attention is drawn to an advertisement relative to "Income War Tax" in this issue of the INDEPENDENT. Read it over and hasten to comply with the regulations or you will find yourself "in dutch" with our Finance Department.

Mr. and Mrs. Arthur House of Ypsilanti, Mich., who have been visiting in GRIMSBY and Beamsville for the past couple of weeks, returned to their American home on Friday last. They were accompanied by Miss Margaret and Miss Vera Farrell, who will spend a week or two with them in Ypsilanti.

During the war many patriotic people wore their old clothes. Now that peace is assured all those people and practically everyone else is interested in new clothes. To get new clothes is a problem but the problem is easiest solved if you'll give Farrar a chance to do it for you. We manufacture our own goods, which gives us an ordinary times a great advantage, but under present conditions the advantage is enormous. For instance this week we bought 766 yards of blue and black worsted from a merchant tailor who is quitting business. We bought this at least \$2 per yard less than present prices. We intend to give our customers the full benefit of this lucky purchase and we will sell black and blue worsted suits either ready-made or made to order at a direct saving to you of from \$5.00 to \$10.00 per suit. All we ask is that you give us an opportunity to show you our goods. You will not be disappointed. Always at your service, Farrar Clothing Manufacturers, 5 Market Square, Hamilton.

TOMATO PLANTS—I am now ready to take orders for Early and Late Tomato Plants. Jas. Stephen, Sr., phone 5 ring 4, Beamsville.

TOMATO PLANTS—Order your plants early and get first pick of our stock. Also cabbage, cauliflower, celery and peppers. Robert H. Potter, Beamsville, phone 5 ring 2.

The Royal Air Force are disposing of their motor vehicles. Fruit growers who are thinking of getting motor trucks for this season's work should consult the advertisement in this issue of the INDEPENDENT and write the agents. Do it now.

AGRICULTURAL LIME—I have a car load of Agricultural Lime coming which will arrive about Monday.

FRUIT GROWERS who need lime for their soil can get all they want from me at \$5.50 per ton at the car. Jas. Marlowe, phone 191, ring 2, Grimsby East.

Watch the Auction Sale Dates for forthcoming sales.

PASTURE—I will have first class pasture, with good water, and good fences, for horses and cattle, this summer. Write or phone J. W. Kennedy, 56, Beamsville, Ont.

Mr. and Mrs. E. J. McCubbin of Brantford, are spending a few days with Mr. and Mrs. Jos. H. Ness.

It is up to every employer of labor in this district to affiliate himself with the GRIMSBY District Repatriation Committee. Send your name to Secretary, C. H. Bromley and express your willingness to put your shoulder to the wheel.

Go! How my back aches! After influenza or cold the kidneys and bladder are often affected—causing "neuralgia" or inflammation of the kidneys. This is the real danger—better be wise and check the further advance of kidney disease by obtaining that wonderful new discovery of Dr. Pierce's known as "Annie" (ant-uric), because "Annie" expels the uric acid from the body and cures those pains, such as backache, rheumatism, neuralgia, and so on.

Naturally when the kidneys are diseased the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

Dr. Pierce's Annie is many times more potent than lithia and often eliminates uric acid as hot iron melts sugar.

Port Hove, Ont.—"Dr. Pierce's Annie is the best kidney remedy I have ever taken. For many years I suffered with kidney trouble. My eyes would get red, and I would have dizzy spells. I also suffered with my bladder, and sometimes would get thick and full of mucus. I have taken exactly every warning the doctor gave me, and I feel much better now. I am better in every way than I have been for years."—CHAS. SCOTT, B.C.

WANTED FOR PROSPECTIVE BUYERS—Various sizes of fruit, mixed and general grain and dairying farms. Good productive properties, equipped with buildings and at reasonable prices. Apply to W. H. Brand, Jordan Station.

GRINDING AND CHOPPING—The undersigned wishes to announce to the public that he has a Grinding and Chopping Mill ready for operations on Mondays and Saturdays. The public patronage solicited. Satisfaction guaranteed. A saw mill in connection will be run any day during the spring. S. B. Black, Fulton, Ont.

Village of GRIMSBY Council meets on Monday evening, next March 10, at eight o'clock.

FOR SALE—Dillon gasoline engine, 5 horse-power, with clutch pulley; also 8-inch plate grinder; and forty feet of 3-inch belting. George Millen, Sr., Fruitland, phone 66 ring 2, Winona.

Get your income tax forms from the local Post Office—An advertisement in this issue tells you all about it. They are returnable very soon.

FOR SALE—Eggs for hatching, from pure bred Barred Rocks—Guilford strain. Apply A. Wynn, phone 295, ring 2, GRIMSBY.

Chancellor McCrimmon of McMaster University, Toronto, is to preach the Anniversary sermons in the Baptist Church Sunday morning and evening. You will want to hear him—Come early.

It will cost you fifty cents to attend the G. W. V. A. Dance in their Club-rooms on Thursday (to-morrow) evening. Do not fail to be there.

On Tuesday evening, March 4, 1919, the Parish Hall, GRIMSBY, was well filled with the men of the parish, in response to the invitation of the Rector, the Rev. J. Allan Ballard, to bring your pipes and spend an evening in sociability and song. After an hour spent in conversation and renewing friendships, an excellent lunch was provided by the ladies of the parish, and followed by an excellent address on technical and other lines of education and reconstruction work by Mr. McPherson of Hamilton. This brought about a short discussion on some of the points in Mr. McPherson's address, and the balance of the evening was spent in songs, choruses and brief addresses by local men.

Mrs. S. Seaman spent the week end with her daughter, Miss Seaman, in St. Catharines.

Are you going to the War Veterans' Dance tomorrow night?

Do not forget to attend the auction sale of horses, milk cows, young cattle and implements to be offered on the farm of Mr. D. J. By, on the Stone Road, one mile north of the top of GRIMSBY Mountain, on Wednesday, a week from today, March 12. Mr. Cooby has a splendid lot of horses and cattle, and everything will be sold without reserve. Jas. A. Livingston, Auctioneer.

Read the advertisement of the GRIMSBY District Repatriation Committee, and do your bit.

The G.W.V.A. Corner is of as much interest to YOU as it is to returned men. Read it and keep in touch with the activities of the Branch.

FOR SALE—Two good work horses; one sold at once. Apply to Elmer North, top of GRIMSBY Park Mountain, North GRIMSBY.

TURLEY WILL BE THERE

Returned Men in Beamsville to Organize G. W. V. A. Branch

Public Meeting in Robertson's Theatre on Friday Night

On Friday night, March 7th, the night after tomorrow, the returned men of Beamsville and District will hold a monster public meeting in Robertson's theatre, Beamsville, at eight o'clock, for the purpose of bringing into being a branch of the Great War Veterans' Association of Canada in that place.

Provincial Secretary W. E. Turley will be present and set forth the aims and objects of the Association in his own inimitable style, and the general public will miss a good thing if they do not attend this meeting. Mr. Turley is a plain-spoken, hard-hitting exponent of the rights and needs of the returned men, and his whole interest in life is the successful repatriation of those men who so nobly expressed their willingness to lay down their lives on the altar of the Empire, and the proper looking after of the dependents of those heroes of Canada who made the supreme sacrifice on Flanders' Fields.

Every member of the GRIMSBY and District branch is especially invited to attend this meeting at Beamsville and give the boys, there, every assistance and encouragement in the formation of their branch.

The Committee in Beamsville has a bright outlook in that their initial membership will be in the neighborhood of thirty, whereas GRIMSBY started with but ten, and it is up to the boys of this village to help their former brothers-in-arms to their utmost ability, to bring their new branch up to the sound and healthy state that our own is.

The GRIMSBY members are requested to go to Beamsville on the 7.30 H. G. & B. car.

DON'T FORGET THE DATE, FRIDAY NIGHT OF THIS WEEK.

Want Defaulters Disfranchised

The Regina branch, G.W.V.A., have passed a resolution asking the Dominion government to demand the surrender of 50,000 defaulters in Canada.

VANDYKE TAKES OVER THE MILLER TAXI BUSINESS

Buffalo, N. Y.—Sale of the C. W. Miller Taxi Cab Company to The Vandyke Taxi Cab Company was announced Thursday afternoon.

The Miller firm was sold by C. A. Finnegan and allied interests through Harvey Harrison of the Harrison Real Estate Corporation, the consideration not being made public. The transfer was effected Thursday afternoon and the Vandyke Company will begin operation of the former Miller cars at 5 o'clock Friday morning.

About eighteen months ago Mr. Harrison purchased for the Vandyke interests the Buffalo Taxi Cab Company. Having now acquired the Miller line the Vandyke company becomes the largest taxi cab and baggage corporations between New York and Chicago.

Mr. Finnegan purchased the Miller company July 27, having been in control for six months. A fleet of new taxi-cabs is soon to be delivered and will be put into service by the Vandyke company.

Fred Vandyke will manage the new company until his brother, Melvin Vandyke, returns from service overseas. They will then assume joint management.

The C. W. Miller Co. is the oldest firm of its kind in New York State being started over half a century ago by C. W. Miller, who is still living, and ran under his personal supervision up until last July. It was originally a horse cab Co. but

and their disfranchisement for ten years.

The local branch will stage an entertainment in Moore's Theatre on a date not far distant, that will surprise even the most skeptical. And it is all going to be amateur talent. Watch for the announcement in a week or two.

Beamsville for Tuberculosis
Dr. E. Ryan, medical director of "D" unit of the Department of Soldiers' Civil Re-establishment, announced on Friday last, that the Beamsville R. A. F. Camp Hospital would be taken over shortly as a sanitarium for tuberculosis patients.

Ottawa branch, G.W.V.A., has decided to join the provincial command. Formerly the Ottawa branch stood independent and would not pay per capita tax on both provincial and Dominion organizations.

At the last meeting of the branch, seven new members were admitted and one transfer of membership accepted. This brings us up to within one or two of the century mark. Watch us grow!

The next regular meeting of the branch will be held in the club-rooms on Tuesday evening, March 11, at 8.15 o'clock. Every member is requested to be present.

If you cannot boost, don't knock—This applies to members of the association as well as to the general public.

Our concert was a great success—Our dance will be, too.

Every possible member who can do so, is requested to proceed to Beamsville on the 7.30 p.m. car, Friday night, and help the Beamsville boys to a good send-off, and welcome to the "family" on their organization of a branch of their own.

A dance will be held in the club rooms on Thursday evening, (to-morrow), and it is hoped that every member will do his best to help it along.

with the advent of gasoline propelled vehicles rapidly changed to taxicabs and motor trucks.

The Vandyke Co. have been operating in Buffalo a little over three years now and its success and rise in the world has certainly been a meteoric one.

Fred and Melvin Vandyke were two of the most popular young men who ever left GRIMSBY and the INDEPENDENT wishes to congratulate them on their success that has attended them in the past few years.

ANNOUNCEMENT

The special advertisement in this issue over the Oak Hall name should make good reading for the men whose wardrobes require replenishing.

The Oak Hall people have just received a new lease of their building for a ten year term and are now going to put in a few thousand dollars in new fittings and taking in more floor space on the second floor. This is the reason for a real important sale of suits and overcoats for this week in the men's department and next week boys' clothes will be put on sale that should attract hundreds of parents with boys to outfit the new month of March special. will reduce the stock and then the carpenters take charge for a week or ten days. The new fixtures are now being made by Jones Bros., whose factory is in Dundas, and the Oak Hall store is to be made one of the finest of its size in Canada.

47,500 DRAFTS WENT OVERSEAS

Figures Issued by Ottawa, Show That 53,355 Men Joined Colors Under the M.S.A.

The number of men raised under the Military Service Act totaled 53,355, Sir Jas. Lougheed, government leader, informed the senate today. In addition, there were on leave without pay under the order-in-council relating to compassionate and hardship cases, or subsequently discharged, 24,933 men, while the number struck off strength as liable only to non-combatant service (either as conscientious objectors or by reason of the War Time Elections' act), was 16,350. The number of those raised by compulsory military service who went to the front was not available, Sir James said, but the number sent overseas was 47,500.

WINONA NEWS

Mrs. William Burke, who passed away, here, on February 13, past, and whose funeral took place on February 15, to the Fifty Methodist Church Cemetery, was a daughter of Thomas Walte of Abington. She is survived by her husband, one daughter, Mrs. David Doddington, of Winona, two brothers, Amos Walte, of Calstar and Thomas Walte, of London, and three sisters, Mrs. Wm. Land, Taplestown, Mrs. Wm. Robinson, Rymal, and Miss May Walte, of Hamilton.

GRAND MUSICAL TREAT

The Ward-Buchner concert to be given in the Methodist Church on Monday, March 17th, must be classed among the best of the season. The five artists who present the program are all able entertainers, but we especially mention the violinist, Corda Ward-Buchner, who excels in her interpretation of violin music, and the blind pianist, Thomas G. Mitchell, who is a musician of exceptional talent.

SOUTH GRIMSBY TO WELCOME HEROES

At a representative meeting of citizens of South Grimsby, held on Tuesday evening in Smithville, it was decided to hold a public meeting in Brant's Hall on Tuesday evening next the 4th of March, for the purpose of arranging for a public reception to all returned soldiers of the town-ship of South Grimsby.

It is requested that as many of the farmers of the said township and local citizens as possible will make every effort to attend as the tentative proposals put forward is that a big reunion be held on either 3rd of May or 1st July at the local fair grounds with sports and etc. Speakers to be invited and some recognition by way of a gift be given to the boys who "did their bit for the Honor of their King and Country."

ADVICE TO A PROSPECTIVE PEDESTRIAN

Do not get off a car jackward. Learn to jump on top of the nearest Ford and roll off onto the sidewalk. When you are run over, look pleasant. Nothing disturbs a driver more than to have the people he runs over look cross at him.

In case of your death, notify your family. Nobody else will have time. Display your number conspicuously. You will thus be able to identify you the most easily in the common pedestrian graveyard provided by the city.

Remember that you are giving your life, not to your country, but to your city. The city expects it, and would be disappointed if you didn't. Good-bye! —New York Life.

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble, which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well. My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARY BOYD, 1421 6th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

New Head for A.P.R. Demonstration Farms

IN being able to secure the services of George H. Hutton, B.S.A., as Superintendent of its Agriculture and Animal Industry Branch, the Canadian Pacific Railway is to be congratulated in finding a worthy successor to Dr. J. G. Rutherford, who has been appointed to a seat on the Board of Railway Commissioners for Canada. Dr. Rutherford, who has been a prominent figure in livestock circles all over the continent for many years, has been head of this branch for more than six years, during which period he earned the esteem of farmers, stockmen and others throughout the country, and many farmers in Western Canada owe a large measure of their success to the advice and assistance given by him. His successor, Mr. Hutton, has had considerable experience in Western Canada, and few men are better informed than he on the agricultural possibilities of Western Canada, and particularly of Alberta. Since 1906 he has been in charge of the Dominion Government's Experimental Station at Lacombe in Central Alberta, where his work, especially in connection with livestock, has been of the utmost value to farmers throughout the province and elsewhere in the Canadian West.

Mr. Hutton has been connected with farming so long that he does not remember when he first began. He is a thoroughly practical farmer. During his boyhood days he did those tasks which usually fall to the lot of a boy brought up on the farm. Later he went to college where he obtained his B.S.A. degree, in 1900. After operating a farm of his own in Eastern Canada for about six years, he went West to take charge of the Government's Experimental Station, which he is now leaving to take up his appointment with the Canadian Pacific. He is known throughout Western Canada as one of the foremost agriculturists in the country, and his activities in connection with the live stock industry may be gathered from the fact that he is president, vice-president or past president of six different breeders' associations, besides holding numerous directorships.

Few men have done more than he in promoting mixed farming methods among the farmers of Central Alberta. This he has done by showing the immense possibilities of the country and by proving in the practical manner how favorable the conditions are for the raising of live stock and dairying. Sent to Lacombe to operate the Government Experimental Farm there with a view to ascertaining and demonstrating the varieties of grains, grasses, fruits, and vegetables most suitable to local conditions, and the best methods to employ, to secure most economical results, he soon saw that if there was a great and useful field in this work, there was also a very valuable one in the live stock industry in all its phases. He accordingly suggested to the Department of Agriculture that the work of this station should include experimentation with livestock in addition to grains and other crops, and succeeded in convincing the head of the department of the merits of this suggestion. From small beginnings, Mr. Hutton and his assistants have built up at Lacombe the largest flock and herd of any experimental station in Canada, with the possible exception of the Central Farm at Ottawa.

The information gained as a result of the experiments conducted at Lacombe have been very valuable to farmers throughout Western Canada. Hog-raising, sheep-feeding, beef and milk production are all subjects that have had most careful attention. During the last three years more than three thousand hogs have been used on the farm in tests of various breeds to ascertain which were the most economical pork producers under local conditions. In a grading-up experiment with sheep now being conducted more than four hundred ewes are included. An excellent herd of Angus cattle has also been established, and the foundations laid for a first class herd of Holsteins. From the sale of live stock, the farm has a revenue running into many thousands of dollars annually.

Mr. Hutton's work with the Canadian Pacific will be along lines similar to those along which he has previously been engaged. His new duties will include the supervision of the system of demonstration farms operated by this company, at which settlers in Western Canada may receive advice, based on the experience of many years as to the best farming methods to employ, thus giving the new settler a chance to avoid many of the mistakes likely to be made by farmers coming from a country where different conditions prevail. Probably no other private company land-railway or any other kind—in any country has spent so large a sum or taken so great an interest in getting the farmer started right as has the Canadian Pacific Railway, and the appointment of a man of Mr. Hutton's ability and experience to be the head of its Agriculture and Animal Industry Branch indicates that no change in this policy is contemplated.

THEY ALL OWED THE NEWS-PAPER MAN
A preacher, at the close of one of his sermons, said: "Let all those in the house who are paying their debts stand up." Presently every man, woman and child, with one exception rose to their feet.
The preacher seated them and said: "Now every man not paying his debts stand up." The exception, a careworn, hungry-looking individual clothed in his last summer's suit, slowly assumed a perpendicular position.
"How is it, my friend," asked the minister, "you are the only man not able to meet his obligations?"
"I run a newspaper," he answered, "and the brethren here who stood up are my subscribers, and—"
"Let us pray," exclaimed the minister.
If this question was asked in your congregation, what would you do—stand up or sit still? Look at your label now.—The Subscription Man.

DANCE WITH THE VETERANS

Grimsby District Branch Will Open Their Club-Rooms to the Public on Thursday Evening

The GRIMSBY District Branch of the Great War Veterans association contemplate running a series of public dances, in their club-rooms, for the balance of the winter, and on Thursday night, for the first time, they will throw their doors open to those of this district who wish to spend a few hours in the following of the terpsichorean pleasure.

Good music will be provided, and the dancing floor will be in the same good condition that it has been for years, and there is no better floor in this district, for a hall of its size, than that in the present quarters of the G. W. V. A.

The Great War Veterans intend, if the patronage is sufficient to warrant it, to endeavor to please every class of dance-enthusiast in the district at their 'evenings with the boys,' and the second of their series will very likely take the form of a dance program entirely composed of the old-time figure or 'square' dances.

In any event, back the boys up in their endeavor to provide entertainment for the public, and at the same time provide themselves with more comfortable and home-like club-rooms.

The cost of admission for the evening's dancing is but slight, being placed at the insignificant sum of fifty cents for gentlemen, and twenty-five cents for extra ladies, and the 'young bloods' of the town can spend their money in no more pleasant manner than by giving their 'best girls' a full evening of dancing on the G.W.V.A. floor.

"I'M ROBBED," SAYS LOUIS GELDART, BUT FOUND HIS MONEY ON THE FLOOR

A police court case arose on the morning of Tuesday last, when Mr. Louis Geldart, of Grimsby, was charged with robbing a young boy working for him, and he left the lad in charge of the shop while he showed a tenant where to place a load of sawdust.

When he returned to the shop, he had occasion to go to his cash drawer, and to his great surprise discovered that it was as empty as Mother Hubbard's cupboard, although

he had a distinct recollection of there having been in the neighborhood of thirty dollars in it, not five minutes previously.

He questioned his assistant in the matter and the latter denied having been near the drawer at all. Mr. Geldart sent the boy away and in looking around discovered his "roll" on the floor immediately under the counter. When the boy returned his answers to Mr. Geldart were so conspicuous that much talk ensued along the line of "thief," "robber," and etc.

The brave lad rushed away home, and in a few moments his mother appeared on the scene to put the fear of the Lord into the heart of the man who would dare accuse her darling of robbing such an insignificant thing as a butcher's cash drawer. The argument waxed hot and Mr. Geldart brought the matter to a climax by going before Police Magistrate Kidd and laying an information against the youngster.

When the lad appeared before Magistrate Kidd, he received a severe talking to, and the case was dismissed.

Apparently the young man had attempted to get the cash drawer open, in Mr. Geldart's absence, though for what purpose it is difficult to divine and there had been no customers for whom to make change, and in his hurry to complete his "errand," he had pulled the drawer completely out, spilling the contents on the floor under the counter and did not have time to pick up the money, after replacing the drawer, before his employer returned to the shop.

It seems a pity that youngsters who seek employment with the merchants of GRIMSBY, as delivery boys, shop assistants, etc., cannot be of the class who have been brought up to keep their fingers to themselves, and out of their employers' cash drawers. Some of them will get "caught out" some of these days and earn a "bit" in the reformatory, and a few examples would go a long way to stopping this sort of thing besides impressing on the parents' minds the necessity of bringing their offspring up in the way they should go.

FULTON

Mr. and Mrs. Norman White of Fontville, visited relatives in this community recently.

Miss Hattie Nelson is reported very ill with influenza.

School here is closed again, on account of sickness in the neighborhood.

Another old and highly esteemed

resident of this community passed away on Thursday morning last in the person of Mr. Matthew MacDougall. The deceased was in his 74th year and had lived all his life within a few miles of the home where he died. The funeral took place from his late residence at West Fulton on Saturday at 12 o'clock to Hamilton cemetery. It was conducted by Rev. Mr. Russell and was largely attended. Besides a widow, there is a grown-up family of two sons and six daughters left namely: Mrs. (Rev.) Morley Pettit of Montpelier, Ohio; Mrs. Walter Young of Bimbrook; Mr. Jas. P. of Fulton; Mrs. Arthur Beck of Detroit; Mrs. Adam Smith, of Oneida; Mrs. Stuart Field, of Windsor; Mrs. Con. Nicholson, of Hamilton; and Lyle at home.

A Trail Across the Rockies

(1) Homestead on the Kootenay River. (2) Camp in the forest of the Kootenay Valley. (3) Summit of the Simpson Pass—line of the Great Divide separating Alberta and British Columbia.

The first trip over the Simpson Pass through the Canadian Pacific Rockies was made by Sir George Simpson, Governor of the Hudson's Bay Company, in 1841, and formed part of the first recorded overland tour round the world, that is to say across the North American Continent, and by way of Siberia and Russia, occupying about nine months, and the subject of considerable literature. In 1881, after the famous guide and explorer at Banff, discovered the fallen tree on the summit of the Pass on which the travellers left their record.

Fired by the ambition to cross this pass, I set out one day this summer, with a guide, ten porters and camping outfit and supplies for six or seven days. Jim Brown, a settler over from Banff to his summer place at the headwaters of the Kootenay Valley, where I had previously waited for them. Close to the falls are the remains of Kootenay House, an outpost of the Northwest Trading Company established by David Thompson in 1808. Now there is a comfortable little tourist hotel, much appreciated by motorists who use the excellent Government road through the Upper Columbia Valley.

On our first day's ride we stopped off for a swim at the hot sulphur-water springs of Sinclair Canyon, where St. John Harmsworth, brother of the famous Lord Northcliffe, and himself proprietor of the still more famous Perrier water, built a concrete bathing pool under the springs which pours its naturally warm water out of the rock. At night we found shelter in a homestead's cabin, the owner of which was away at the war and hospitable enough to leave the latch loose. Next day we were in the forests of the "net" and a wonderful ascent for his guide-finding by the tracks we saw and the animals we even met—two black bear and a deer on the trail with moose paths worn deep like small Devonshire lanes along the meadows beside the river.

The Kootenay River had a rather bad reputation. Two parties were drowned in the attempt to make the crossing at the same time last year, and we ourselves had been warned to postpone our trip. However, we found a ford where we did not even have to swim our horses, and next day were on the banks of the Vermilion River. Into the Vermilion pours the raging torrent of the Simpson, which itself is fed from the melting glaciers of the snow-capped Rockies high above. At least one cyclone seemed to have swept down its valley, and the river itself had washed away several corners so that our trail had to be made, or found anew on many a mile.

Once while Ed Dawson, the leading guide was hacking a trail through a deadfall, his saddle pommel took it into its head to cross the torrent. The packpoles followed suit, and before we could stop them, our camp, and most of all our food supplies were on the wrong side of the most vicious looking water I ever came to see. There was nothing to do but follow, and evidently we got across—else how could this tale have ever been told? As we approached the Summit of the Pass, one grizzly left a visiting card such as grizzlies do leave—scrambled up on the trail and again we saw deer. The Summit, according to the guide, should be ten feet deep in snow, and the description given by Sir George Simpson gave the same anticipation:—"We were surrounded by peaks and crags on which snow lay perpetual snow; and the only sounds which disturbed the solitude were the crackling of snow-laden branches under the tread of our horses, and the roaring of the stream as it leaped down its rocky course."

"About seven hours of hard work brought us to the height of land, the hinge as it were between the eastern and western waters. We breakfasted on the level plateau, which did not exceed fourteen paces in width, filling our kettles for this one lovely meal at once from the eternal sources of the Columbia and the Snakehead, while these willing feeders of two opposite oceans, murmuring over their beds of mossy stones as if to bid each other a long farewell, could hardly fall to attract our minds to the sublimity of the scene."

"But between these kindred foun-

MEMORIAL SUGGESTIONS

Following our request in the last issue of the INDEPENDENT for suggestions from the public as to a proposed Memorial for this district, to be erected in honor and memory of our fallen heroes, we have received the following letter.

The committee to take the initial steps with regard to a memorial will be holding their first meeting within a few days, and we urge upon those interested to forward them any suggestions they might have in the connection, so that they can be laid before the committee.

Don't be backward—those whom we wish to honor were not!

GrimsbY, Feb. 26, 1919.

Mr. Livingston:—
I see in this week's Independent that you ask for suggestions for a War Veterans memorial here.

If I might make a suggestion I could say a hospital here would be a hospital and can give a few reasons in favor of it.

For one thing nursing help in sickness in GRIMSBY and surrounding district is very scarce, especially so at present in the "flu" epidemic. Then there are soldiers and their dependents here who have had to go to Hamilton and Toronto for care that had a small hospital been in GRIMSBY or close to it even, their friends and relatives could see them often and make time less tedious for the invalids.

I know of three cases where I think it would have been nice to have had a hospital close by.

One is Mr. Elgin, who is in the Hamilton Sanatorium. He is a mother would have given a good bit to have been able to see him, but she was unable to travel to Hamilton on account of her health.

Another case is W. G. McCreary, whose wife was taken to Hamilton two days before he arrived home and has since died. He is in Hamilton Sanatorium at present under Military Doctors and his two children live on the mountain with Mrs. Gagar. It simply means a whole day lost to her to take the two little fellows to see their father, although I know she doesn't mind, but it costs seventy-five cents each time for her, as the children cannot go alone. If a hospital was here they could go after school and see him.

Then there is Mrs. Dent's little girl who is in Toronto Children's Hospital and I don't think she has money to afford a trip to Toronto once a week to see her little girl. If there was a hospital here she could see her once a day or two or three times a week at least, and would not cost half the price of one trip to Toronto.

And I believe there are GRIMSBY young ladies that are trained nurses who could be paid here to nurse in a hospital instead of going away. And I really believe everyone in GRIMSBY and District would be willing to give towards a hospital, as it would be a help, as it could be made for use for GRIMSBY people as well as the War Veterans and their dependents, for it would be a remembrance that could grow to be a very big monument to the ones that never came back, in time.

Yours truly, "Reader."

GRIMSBY HIGH SCHOOL ENTERTAINMENTS

Literary Society Holds Most Pleasant Concert and Dance

On Friday evening of last week, the Executive and Staff of the GRIMSBY High School, along with the pupils of the institution, entertained their parents, friends and school graduates of the past five years, in the spacious assembly hall on the top floor of the school building.

A very energetic Committee had the arrangements for the evening, in hand, and to say that their efforts met with success would be but a mild way of expressing it.

At eight o'clock, when Mr. W. J. Drope, Chairman of the Board of Education, as Chairman of the concert in connection with the evening's pleasure, opened the programme, he was faced by a very large crowd of parents and pupils and former pupils, the assembly hall being crowded almost to full capacity.

The programme was run through in very smooth style and consisted of a chorus "O Canada," an exhibition of club swinging and instrumental and vocal selections with the odd elocutionary contribution to give zest to it, and was closed by a few remarks from Mr. A. McVicar, Principal, who presented the medals awarded for the prize-winning essays on the last Victory Loan, to Miss Merle Minsinger and Arthur Grant of the Middle School, and Miss Betty Pettit and Bertram Blinzie of the Lower School, and the singing of the "Marsellaise," in French, by the Glee Club.

Dancing commenced about a quarter to ten and the floor was kept busy until a half after the midnight when the evening's proceedings were brought to a close by the singing of the National Anthem.

During the time the young folks were tripping the light fantastic to, and a good many older people with them, to the music supplied by Miss Rena Mummel, who was accompanied in a few numbers by Miss Metcalf, on her violin. The parents and friends of the pupils had an opportunity to wander through the different class rooms and view the work of the pupils in many lines and this was a most enjoyable and instructive time to those who are interested deeply in school work.

Refreshments were served about ten-thirty, being served in the classrooms where a great many of those being served went back a good many years, in memory, to the days when they had occupied similar or more uncomfortable seats in school-houses throughout the country.

Altogether the evening's entertainment with the pupils of the GRIMSBY High School offered to their guests was one of the most enjoyable that has taken place in this village in many months, and the Teachers, Committee and pupils as a whole, are to be congratulated on the success of their undertaking.

GIRL'S SAD END

The people of this district were shocked to learn of the sad death of Miss Edna Fisher, a twenty-two year old girl in the employ of Mr. William Zimmerman, a farmer of South Clinton township, on Friday, Feb. 21, 1919, the young lady being found lying across her bed, fully dressed with a 22 calibre bullet in her heart.

It is believed that the girl had got into some trouble, it being stated that a letter was found in which she accuses a man residing in the vicinity of being responsible for her condition. Dr. Elmore of Beamsville was called as Coroner, and after reviewing the remains and taking in account all the circumstances, decided it was a clear case of suicide through despondency. The young girl's parents reside near Bismarck, and have the deepest sympathy of the entire community in their sad bereavement.

Mr. Zimmerman and his son were in town the day previous and on returning home that evening missed the young lady, who was their housekeeper, but did not think anything unusual by her absence as Miss Fisher was in the habit of going to the neighbors and remaining for some hours at a time, and it was not until the next morning, when she was still absent, that search was instituted with the above results.

LETTERS TO THE EDITOR

GrimsbY, March 4, 1919.

To the Editor:

Dear Sir:—
I wish to supplement my remarks of last week, by adding to them that if Peter McArthur, an A. C. Wood approve of my suggestion as to looking after the returned soldiers and giving each of them an automobile, they will publicly say so.

Another proposition I have to offer to the war veterans is, that they use their only weapon and if the city papers do not coincide with their views, simply boycott them; when they are all returned, along with the I. W. O. and others, they will be able to run the government. New I have good men on my side, notably Mr. Nelson, Senator Lloyd, U. S. Senator Hughes of Australia.

You may call it Bolshevism or what you like, and I oppose it, but I am liable to a fine of \$50, \$25, or ten years in prison (that will add ten years to my life), but a little thing like that for ten years in prison was nothing to St. Paul, so I will have good company. From an old man in his anecdote, age,

Dave Jackson.
